

THULE SUBSOLA
301213 / 310215

Thule Subsola

Modern, modular panels for extended living space

Triangular smart panels for compact vans

USPs

- **Designed for compact van owners**
- **For increased living space with privacy and weather protection**
- **Modern, smart modularity**

Specifications

1. Extend the living space outside of your van's awning and enjoy more privacy
2. The breathable, water-resistant fabric offers privacy and protection against sun and rain
3. The triangular panels with high-quality zippers and keders can be combined in different ways for the perfect setup
4. The adjustable pole allows you to easily generate more privacy when needed or adjust the panels as weather changes
5. The panels can be easily stored in a high-quality bag so you always bring everything you need
6. Available in a side and front package and both packages can be combined, with the extra possibility to add additional panels or poles (sold separately) to customize your outdoor setup even more
